

# The FELLOWSHIP FOUNDATION

## Charitable Intent

***"To dedicate this special, spiritual place for use by newly recovering chemically dependent individuals, their concerned persons and those from non-profit groups such as AA, LP Alumni, The Salvation Army and other organizations for recovering persons they serve who may benefit from gathering in a retreat like setting."*** The presence of all individuals in need helps provide a strong sense of fellowship and a prime living example of what is possible with freedom from alcohol or other drugs. Please see Lakeplace ["Family Weekend Retreats"](#) as only one example.

Lakeplace Guest House

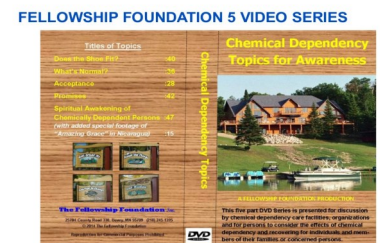

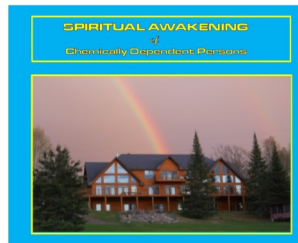

Lakeplace Cabins

## Outreach

***"To commit its resources for research, presentations, providing materials (at no cost) and to communicate with organizations serving chemically dependent persons information regarding innovative, cost effective primary care and related services."*** The Foundation visit and follow-up on behalf of the Rehab Camp in Nicaragua and efforts to rationalize attention to *"Spiritual Suffering and Spiritual Healing of Chemically Dependent Persons"* (Dimension 8) are only some examples. Riverplace new office building and twin homes will be made available by the Foundation.
